6/11/18

To whom this may concern:

TFA Solar have been servicing our Solar System since 2011 and on 31/10/18 they replaced our inverter under warranty.

I have appreciated their willingness to communicate with me and to always consider my opinion during the course of their work.

I found the quality of their work and their attention to detail in the recent installation of our new inverter to be of a high standard. I was very pleased with the outcome.

I have recommended TFA Solar to others and would do so again without reservation.
